Warranty

Every system is granted with Two (2) year on-site (doorstep) warranty. Apart from the warranty service provided by Dart Frog, the individual warranties on the parts provided by the manufacturing companies apply as per their warranty policies and the buyer can choose to avail them directly with the companies. All warranty documentation of the individual components used in the system will be provided in package

Warranty does not cover the following:
Damage caused by actions that are beyond our control, such as: impacts, liquids, fire, rain, lightning or other disasters such as: nuclear war, zombie apocalypse, epidemic, alien occupation or armed insurrection.

Product that has been damaged through misuse, abuse or mishandling. Unauthorized modification of the system as a whole or individual component and/or the attachment of local/unbranded peripheral devices. Products under warranty will either be repaired or replaced as per manufacturer/supplier warranty policy.

Damage due to power surge on account of voltage fluctuations, due to direct plugging – without use of UPS and/or caused due to “Inadequate Earthing Provision at Office/Home Electrical Connection”, shall be construed and considered as CUSTOMER INDUCED DAMAGE and are not covered under standard warranty.

AboutUs

Established in 2014, Dart Frog Technology & Services Pvt. Ltd. is one of the only national custom PC integrators shipping in over 200+ cities of India. High performance systems is our forte – demanding builds which do video editing, 3D Modeling & Rendering, Machine Learning & AI, Servers and extreme gaming builds, we cater to professionals and gamers alike. Our B2C arm themvp.in – High performance systems is rated very highly by customers across Google & FB- over 1000 positive reviews (average rating of 4.9)

Every build goes through extensive quality testing and benchmarking to ensure that it reaches the end user and works right outside the box – the credit goes to our uncompromising quality team who put quality assurance above all else. We are certified system integrator from Nvidia, and a preferred partner for Gigabyte, NZXT and Zotac among other major OEMS
